

Fire in York County

Beginning

Firefighters were called to a home in Elham Drive at 6:04 am after a fire started in the area. **It took roughly 75 Firefighters about 30 minutes to get the blaze under control.**

Source of Fire

The fire was said to have been started by a lightning bolt from a passing storm. The fire began in the attic before spreading throughout the entire household.

Conclusions

“Crews estimate \$225,000 in damages.” Luckily, there were no injuries from the fire.
